DonJoy RocketSoc

The RocketSoc is a step ahead of other ankle supports because of the easy to adjust peroneal forefoot and calcaneal heel lock straps which provide unsurpassed support to the anterior talofibular, calcaneofibular and posterior talofibular ligaments.

Features and Benefits

- Patented design features calcaneal heel lock and peroneal forefoot strap to control abnormal plantar flexion and °inversion without restricting range of motion
- Medial/lateral superior malleolus buttresses for comfort and migration prevention
- New lightweight, low profile design eliminates additional bulk while in shoe
- Adjustable strapping
- Strong, durable design

Neoprene

- Wraparound style
- Neoprene fabric for even compression and warmth
- Optional inferior buttress for swelling
