### Procure Off-Loading Diabetic Shoe

Specifically designed to off-load ulcerated area of the foot during the treatment of diabetic ulcers. Fits Right or Left.

- Squared toe box and wide foot bed: leaves ample room for dressing.
- Removable reinforced toe cover: protects from external aggression and allows easy access to the treatment area.
- No seam that can cause further skin breakdown in critical areas.
- Impax Grid insole: tri-laminate insole designed to redistribute load away from ulcers with removal of Impax foam blocks.
- Rocker bottom enhances comfort and promotes natural ambulation
