

Ankle Stirrups

USA Stirrup Foam Ankle

Provides stability to the ankle by minimizing ankle rotation. Comprised of two polypropylene outer shells connected with a soft, adjustable footpiece. Unique memory foam pads provide uniform compression and a customized fit.

Size	Part #	Circ.
Small	US8111F	8.75"
Trainer	US8112F	9.5"
Regular	US8113F	10"

USA Air Stirrup Ankle

Injection molded shells help minimize ankle rotation and inversion/ eversion without restricting plantar or dorsi-flexion. The full length pre-inflated air chambers lined with soft foam help reduce swelling and enhance circulation.

Size	Part #	Circ.
Small	US8111A	8.75"
Trainer	US8112A	9.5"
Regular	US8113A	10"

Aircast Air-Stirrup® Ankle Brace

Aircast Air-Stirrup Ankle Brace has been the "standard of care" for the functional management of ankle injuries. It features anatomically designed shells lined with the Duplex aircell system with two pre-inflated overlapping aircells, distal and proximal, that provide support and produce graduated compression during ambulation.

Ordering information

Left	Right	Description	Length
02JL	02JR	Pediatric Brace	6.0" (15 cm)
02CL	02CR	Small Brace	8.7" (22 cm)
